

# Khosrow “Koz” Khosravani

Technology & Business Lecturer as well as an I.T.,  
Web, Cybersecurity, S.P.M. and AI Professional

With over 25-year experience as a software engineer, web developer and IT professional, I have an extensive experience in the business and tech industries. In addition, I have taught over 50 for-credit, business, information technology and educational technology courses at various universities such as **Harvard**, **UCLA**, **UCI** and **UCSD** Extension Schools. Almost all my course attendees were adult professionals such as engineers, scientists and managers.
